

LIFE STORIES

LASTING MEMORIES FOR FAMILY AND FRIENDS

Life Stories

Is a specialist service, providing a unique opportunity to chronicle special memories about your life and family and the people and places most important to you.

Whatever your most treasured or lasting memories, whatever experiences and information you would like to record and leave for future generations, **Life Stories** can help you do this.

Life stories offers a bespoke service.

A standard package including a digital copy of your life story will cost £200.

It makes an ideal gift for a special occasion

Terry Hilton will be pleased to discuss your individual needs.

RESCUED

LIFE STORIES

Lasting Memories for Family and Friends.

A lasting filmed legacy for future generations, capturing stories of your life and times, ancestors and family members, in a permanent record for everyone to enjoy.

You can leave a lasting legacy that reminds your children and grandchildren of their ancestry and important family heritage.

A personalized record

Unique to you and your family, your film will record personal thoughts and memories.

It can include photographs, special music, documents and precious objects. Whatever is important to you. It will provide a permanent record for future generations to enjoy.

This is a unique gift opportunity for any time of the year!

Providing a lasting record for you and future generations

Making it Happen

A videographer will visit you at home or at a site that is convenient to you, to film a personal interview.

Your photographs and other items will be recorded too. We offer advice and guidance on selecting suitable materials, and can often help by adding old photographs of local places from existing archives.

We edit the material and images into a digital film which will run for 45 –60 minutes.

Your personalised film will be presented in a Presentation case, a unique gift to be Cherished.
